

HP-20 / 8600 Ordering Guide

Dec 15, 2008
 from Dave L. Ambrose

Note: HP-20 / 8600 are sold as systems with the system number including both pump and compressor. The installation kit is not included in the system part number a separate order line must be placed for the installation kit. The price for the kit is included in the system price so the install kit line for a ten foot kit should be zero dollars. Longer lengths do have add on prices.

Description System #	HP-20 ANSI Flange w/ Temp Sensor 8600 High Voltage Compressor 8176001SYS	HP-20 ANSI Flange w/ Temp Sensor 8600 Low Voltage Compressor 8176002SYS	HP-20 500mm ISO w/ Temp Sensor 8600 High Voltage Compressor 8176003SYS	HP-20 500mm ISO w/ Temp Sensor 8600 Low Voltage Compressor 8176004SYS
HP-20 Pump Included	8004219G003	8004219G003	8004219G004	8004219G004
8600 Compressor Included	8175001G002	8175001G002	8175001G002	8175001G002
Transformer Included	7216041P001	Not Required	7216041P001	Not Required
Description System #	HP-20 500mm ISO w/H2VP Gauge 8600 Low Voltage Compressor 8176005SYS	HP-20 500mm w/ Dual Second Stage Temp Sensor 8600 Low Voltage Compressor 8176006SYS	HP-20 ANSI Flange w/ Dual Second Stage Temp Sensor 8600 High Voltage Compressor 8176007SYS	HP-20 500mm ISO w/ Temp Sensor & H2VP Gauge 8600 Low Voltage Compressor 8176009SYS
HP-20 Pump Included	8004219G005	8004219G007	8004219G006	8004219G008
8600 Compressor Included	8175001G002	8175001G002	8175001G002	8175001G002
Transformer Included	Not Required	Not Required	7216041P001	Not Required
Installation Kits Part Number #	3m (Approx 10ft) 8175011P001	5m (Approx 16ft) 8175011P002	8m (Approx 26ft) 8175011P003	10m (Approx 33ft) 8175011P004
Included Helium Lines				
Included Cryopump Cable				
Included Allen Wrench				
Included Wrench Set				
Included Instrument Box
